New National Order of Merit

We are pleased to announce the launch of a new National Order of Merit function on both website and App that will allow golfers across Scotland to see where their handicap ranks at their club and nationally.

On our website, a full list of handicaps from across the country will be accessible allowing you to see handicaps from golfers across Scotland.

Within the App, this new function will allow golfers to quickly see where they rank at their club and nationally overall, and by gender. This will also be viewable when logged in through the website. The page will be launched to all golfers on the Scottish Golf database by the end of the week.
